

Description

A waterbased multipurpose bonding primer suitable for use on wood, masonry, metal, mdf, melamine, pvc and ceramic tiles. The low VOC waterbased formulation can be used both interior and exterior. Ideally suited as a primer for our Fenwick & Tilbrook Interior and Exterior Eggshell paint.

Available in white or grey in 1 litre, 2.5 litre and 5 litre cans.

Use

Stir thoroughly before use. Apply liberally and evenly by brush.

Preparation of the surface to be painted is vital to the performance of your Fenwick & Tilbrook paint.

- Make good any structural cracks or defects and match the finish to the existing substrate. Use flexible fillers only.
- Wash down and remove old flaking or defective coating.
- A glossy painted surface must be sanded to a matt finish prior to applying. Avoid the inhalation of dust. Wear a suitable face mask when dry sanding.

Coverage approximately 12m² per Litre. Touch dry in 60 minutes, recoatable after 4 hours. Allow primer to fully dry before applying any finishing coat. Allow longer in cool or damp conditions. (Do not apply at temperatures below 5°C).

Clean up

Remove as much product as possible from brushes and equipment before cleaning with warm water. Do not empty into drains or watercourses. Some local authorities have special facilities for the disposal of waste coatings.

Storage and Stability

Store upright in dry conditions above 5°C. Protect from frost. To avoid risk of spillage, always store and transport in a secure upright position.

Health, Safety & Environmental Information

Contains a reaction mass of 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1) and 1,2-benzisothiazol-3(2H)-one. May produce an allergic reaction. If medical advice is needed, have product container or label to hand. Keep out of reach of children. Dispose of contents / container to waste disposal site in accordance with local / national regulations. Ensure good ventilation during application and drying. Do not get in eyes, on skin or on clothing. If SWALLOWED call a POISON centre / doctor if you feel unwell. IF ON SKIN: Wash immediately with soap and water or a proprietary skin cleaner. Do not use solvent or thinners. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing and seek medical advice.

PLEASE NOTE: Special precautions should be taken during surface preparation of pre-1960s paint surfaces as they may contain harmful lead.

VOCs

EU limit value for this product (Cat A/i): 140g/L (2010). This product contains max 30g/L VOC.
